The presentations focus on the upbeat side of research and development of PKD, Phosphate Control, Pain Control and the positive achievements of dialysis patients themselves.

We have been fortunate in securing the services of a range of excellent speakers to make these presentations, which we are sure you will find informative and interesting. The conference will be opened by **Dr Evan Harris** MP, Chairman of the All Party Parliamentary Kidney Group and delegates will have the chance to air their views during the Question Time sessions. To complete the Saturday Gala Evening dinner **Mr Andrew Raftery** will entertain us with an after dinner speech. Workshops will again be held on Sunday morning for those who do not need to attend the Council meeting.

A 'not to be missed' programme but also a weekend of fun and enjoyment where you can meet old friends and make new ones.
